

TracVision® TV8

Maritime Satellite TV Antenna

KVH®

Enjoy hundreds of channels with our newest addition to the award-winning TracVision line

Expanded global coverage for satellite TV reception on your yacht

One of the pleasures of a fully equipped yacht is the ability to watch satellite TV from the comfort of your stateroom or salon. With KVH's powerful and sleek TracVision TV8, you can count on high-performance tracking and excellent reception (including high-definition programming) no matter what part of the world your favorite cruising grounds are found. The 81 cm (32 inch) diameter antenna features an expanded coverage footprint so you can enjoy hundreds of channels of uninterrupted, crystal-clear digital entertainment with CD-quality sound.

TV-Hub offers advanced technology that's easy to use

The TracVision TV8 features the innovative TV-Hub, a streamlined belowdecks unit that makes it extremely easy to use your satellite TV system. The TV-Hub's user interface, designed for viewing on your smartphone, tablet, smart TV, or computer, enables a wizard for easy installation and setup and puts advanced satellite switching and system controls at your fingertips.

Worldwide TV satellite library for all your favorite programming

Relax on your yacht and watch your favorite satellite TV programming thanks to TracVision TV8's extensive built-in worldwide satellite TV library. You'll be able to view programming from satellite services around the globe and, with the built-in library, there is no need to add satellites manually. Just choose the program and enjoy.

Features & Benefits

- Ultra-high efficiency 81 cm (32 inch) diameter antenna
- Innovative belowdecks TV-Hub for system control at your fingertips on any mobile device or computer
- Supports popular Ku-band HDTV and standard-definition satellite TV programming around the globe
- Advanced inertial-based stabilized search for fast satellite acquisition
- Single coaxial cable for power, data, and video for easy installations and retrofits*
- Built-in worldwide satellite library that updates easily via the TV-Hub's web interface
- High-performance tracking with advanced algorithms for crystal-clear television picture in heavy seas
- System configurations support multiple receiver installations
- DVB®-S2 compatible
- Global support from KVH's Certified Support Network (CSN)

**Additional RF cables may be required for some configurations*

Technology in Hand

The all-new TracVision TV-Hub brings unparalleled ease to every aspect of controlling the vessel's satellite TV system with a state-of-the-art web interface designed for optimal viewing on any smartphone, tablet, smart TV, or computer:

- Wizard for easy installation and setup
- Fast troubleshooting with antenna status and advanced system diagnostics
- Remote software and satellite library updates
- Advanced automatic or manual satellite switching capabilities
- Extensive built-in worldwide satellite library

Smart Options

TracVision TV8 offers several options that make the system even better for worldwide vessels:

- **IP AutoSwitch** – For multiple receiver installations with DiSEqC-compatible satellite receivers (DISH Network®, Bell TV, and linear services), IP AutoSwitch provides simple, automatic switching between satellites using the master receiver's remote control.
- **Tri-Americas® LNB** – Enjoy DIRECTV® services in North, Central, and South America without ever having to change antenna hardware.¹

TracVision TV8 Coverage

Choose TV8 for the most extensive worldwide coverage footprint in the TracVision TV-series product line, with support for DIRECTV U.S. and Latin America (L.A.), DISH Network, Bell TV, and linear and circular Ku-band services². For details, visit kvh.com/footprint.

Solid Warranty & Technical Support

Wherever you travel, you will receive outstanding support and service through KVH's certified quality, product, and customer support programs. This support includes KVH's 24/7 online web support system; a responsive international KVH support team; an extensive network of authorized dealers around the globe; the exclusive KVH Certified Support Network (CSN); and a standard 2-year Parts/1-year Labor Warranty.⁷
