TracPhone Enhanced Voice Service... the Best in the Business!

TracPhone V1P/V-series' Enhanced Voice Service is a managed solution optimized for satellite communications and fully integrated into the mini-VSAT Broadband solution. Network voice prioritization assures that bandwidth is allocated to each telephone line to ensure the high quality of your voice connection even while other users surf the web, log into corporate networks, or send and receive email. With TracPhone Enhanced Voice Service you will enjoy always-on voice connections and a great suite of convenient features and account management tools that you can access anywhere in the world!

mini-VSAT Broadband Coverage

The TracPhone V1P/V-series offers a truly global coverage area, including the most widely used shipping routes around the world, with high-speed, reliable Internet and voice connections. Visit www.kvh.com/minivsatmap for the most up-to-date details.

■ Ku-band Coverage with C-band Overlay*

■ Ku-band Coverage Only

■ C-band Coverage Only

* The TracPhone V7, V3IP and V3 are 2-axis, stabilized antennas that do not provide coverage in areas where the satellite is directly overhead as shown in the hatched areas above.

General Terms

- All prices are in USD and do not include any taxes or fees that may apply.
- All rate plans are based on a minimum 1-year contract.
- Published data rates are rate plan maximums and may vary in different regions and under different conditions. Subscribers will typically experience speeds ship-to-shore that are 70-80% of the published data rates.
- All services and plans are subject to the KVH Master Services Agreement.
- Subscribers are permitted to change subscription plans and suspend service with certain restrictions. For complete details, see KVH mini-VSAT Broadband "Airtime Rate Plan Changes and Suspension Policies" and "Airtime Rate Plan Change/Suspension Form" at www.kvh.com/mvbcustomercenter.
- A maximum of 5 Global Static IP addresses are available per modem. See www.kvh.com/staticip for details.
- KVH offers first voice line at no charge and second voice line at \$20/month. KVH-assigned voice line phone numbers for either line are provided at no charge. User-specified voice line phone numbers for either line are \$20/month.
- Virtual local phone numbers can be added for a monthly fee of \$20 per number (5 max per voice line) where available and are subject to in-country regulations. The list of available area/city codes worldwide

can be found at www.kvh.com/mvbcustomercenter.

- With Metered Plans, both incoming and outgoing calls are charged at \$0.49/minute. A few select countries and satellite phone services are blocked. Contact KVH Airtime Services for special rates for these areas and services.
- With Open and Fixed Plans, outgoing calls and faxes are subject to long distance charges. See details on the "TracPhone V11/V11IP & V7/V7IP – Enhanced Voice Service Long Distance Rate Sheet – AgilePlans, Open, Unrestricted & Fixed Plans".

Flex Plan Additional Terms

- Suspension is permitted for 1-month increments with no minimum or maximum limit. For complete details, see KVH mini-VSAT Broadband "Flex Airtime Rate Plan Changes and Suspension Policies" and "Flex Airtime Rate Plan Change & Suspension Form" at www.kvh.com/mvbcustomercenter.
- Fees for remote diagnostics and monitoring service, KVH OneCare™ Technical Assistance Package, VoIP lines, remain in effect during the suspension period.
- A \$100 fee applies for each rate plan service suspension and for each rate plan service reactivation and each requires the submission of a "Flex Airtime Rate Plan Change & Suspension Form".
- IP-MobileCast™ is not available with Flex Plans.
